NEW JERSEY

GROWERS AND IMPORTERS

1926

TERMS:

Payment in advance. All retail orders amounting to
\$1.00 or over, sent prepaid.

ORDER

Order Early to Avoid Disappointment. The Stock of
Some of the Varieties is limited.

SHIPMENT

Will Be Made About May 1st.

GUARANTEE

All tubers are sent in a growing condition and true
to name. Please notify us if any prove otherwise.
The tubers are strong divisions of field grown roots
and **will be much stronger than those intensively cul-**
tivated, for the production of exhibition flowers.

PLANT

After May 15th about 6 inches below the surface.
The single tuber should be planted at an angle of
25 degrees, crown or sprout end uppermost. Use
calcium super-phosphate as a fertilizer. When three
sets of leaves appear, pinch out the top, so as to al-
low the plant a chance to branch. If large flowers
are desired, mulch with manure, as soon as the flower
buds appear, and if large exhibition flowers are your
objective, allow one bud to the branch. Dahlias
require plenty of moisture, but will not grow in a
water-logged soil.

ABBREVIATIONS

D—Decorative.

C—Cactus

P—Peony.

S—Show

Col.—Collarette.

Pom.—Pompom.

H—Hybrid.

We stock a number of varieties impossible to include
in this list, which we will be pleased to quote on
request.

- 12 Tubers, without labels, standard varieties, labels lost in handling..... 1.25

DAHLIA SEED

Dahlias may be grown from seed as readily as tomatoes. If sown indoors or in a hot bed in March they will produce flowers earlier than those raised from tubers. There is a fascination in growing them from seeds, as they rarely produce flowers like the parent plant or plants, each seedling being a new variety.

- Grade "A"—Saved only from the finest varieties and those which, from our experience, will produce the best seedlings; the parent plant or plants are especially selected for color and strength of stems.
Per packet\$5.00
- Grade "B"—From the finest varieties but not especially selected.
Per packet 3.00
- Grade "C"—Without any selection.
Per packet 1.00
- Grade "BB"—Assorted from at least six of the leading California producers. If purchased separately, would cost about \$5.00 or \$6.00.
Per packet 2.00
